RE: EB DOCKET 04-296
REQUEST FOR WAIVER
(Until DSL Service is Available)

Dear Secretary:

- * KLLV is a rural, daytime licensed AM Radio Station.
- * For over 15 years KLLV participated in the relay EAS system.
- * As directed by the FCC, KLLV received on August 15, 2012 the back-ordered new CAP-EAS digital Endec box.
- * The reason for the waiver request is the high speed DSL line is still unavailable in our area (Please see attached letter).
- * There is no satellite delivery at the station - program content is downloaded 20 miles away at our business office and CD's are hand delivered to the station.
- * We request a waiver of the requirement for KLLV to be CAP-EAS compliant until DSL is provided in our rural area.
- * Thank you.

Sincerely,

Dave Williams
Station Operations
